

# AVENGER™ USA

SURFACE PREPARATION

## Fully Compliant to OSHA Silica Dust Regulations

- Jet-Pulse 2-Stage HEPA Filtration
  - Self-Cleaning No-Electronics Filter Cleaning
  - Sustained Performance with Less Energy Consumption
  - No-Touch Filter Cleaning or Debris Handling
- **Designed & Built in the USA** —

## AMERICAN INGENUITY — ENHANCED FEATURES:

### Maintained Suction Performance when Vacuuming Ultra-Fine Dust -

- Each component --- motor, filter, size of the container, gaskets, etc., are meticulously sized to work together
- Oversize filters + precision fittings are engineered for superior debris extraction while maintaining powerful and consistent suction performance with less filter purging
- NET RESULT: Improved performance & productivity, less operator filter maintenance.

### Powerful USA Design & Built Motors + Solid Frame for Long Lasting Durability

- 2-stage simultaneous suction and air cooling provides longer operating times and years of motor life
- USA Made Motors - with a Higher Metal Content- provides a smoother and cooler operating motor for impressive and longer lasting performance.

### Low Amp Draw USA Energy Controls with Heat & Back Flow Protection -

- Clean, Effortless Balance of Voltage from both Single & Three-Phase Power
- Advanced USA Controls automatically handles insufficient power supplies while reducing motor demand and amp draw without operator intervention.

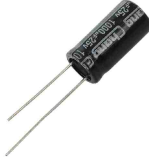

**Best Built Dust Extractor - Domestic or International - Backed by Levetec's 2-Year "Bump-to-Bumper" Warranty.**

**END GOAL** - American Built Avenger Dust Extractor are designed for performance as well as durability, portability and functionality. Levetec engineered to maintain optimal performance, use less energy and require less maintenance time (filter purging.) Add in LeveTec's technology that uses NO expensive parts to replace and its easy to see why we provide a **Full 2-Year "Bump-to-Bumper" Warranty.**

## It's Your Money — What Imported Parts are in Your next Dust Extractor? How about the Warranty?

### Heavy-Duty All-American Parts & Labor in Every Avenger Dust Extractor

Avenger — <b>MOTOR</b> — Competitive Brand	Avenger — <b>CAPACITOR</b> — Competitive Brand (Gives the motor the boost it needs at start-up)	<b>FILTERS</b> — Avengers use the same filters as the top competitors like Husqvarna-Ermator.
<p>It's all in the (the small parts armature, copper USA vs. Too many Good Advice: Levetec -</p>  <p>internal construction you can't see - windings, steel,) Foreign Import ... variables ... Buy American! USA Technology</p>	 	  

**B100**  
 Compact, Portable, Durable, Versatile  
 Motor Output: 3.2 PHP, 19.0 Amp, 2-Motor with 15 Amp Ground Plug  
 Required Power: 120 Volt, 15/20 Amp  
 Suction Power: 255 CFM, 100" H2O  
 Dust Collection: Continuous Plastic Bag, Longopac System  
 Hose Connection: 2" Inlet Port  
 Dimensions, Weight: 22"W x 23"D x 69"H  
 Included Equipment: 2" x 25' hose w/ 2" ID Smooth Hose Cuff, 16" Floor Sweep & Wand, 72' Longopac Liner

\$2,200.00

**B200**  
 Compact, Portable, Durable, Versatile  
 Motor Output: 3.2 PHP, 9.5 Amp, 2-Motor (with user supplied plug)  
 Required Power: 240 Volt, Single-Phase  
 Suction Power: 255 CFM, 100" H2O  
 Dust Collection: Continuous Plastic Bag, Longopac Dispensing System  
 Hose Connection: 2" Inlet Port  
 Dimensions, Weight: 22"W x 23"D x 69"H  
 Included Equipment: 2" x 25' hose w/ 2" ID Smooth Hose Cuff, 16" Floor Sweep, Wands, 72' Longopac Liner

\$2,200.00

**B1000**  
 Compact, Portable, Durable, Versatile  
 Motor Output: 2.0 HP, 14.9 Amp, *Brushless* 1-Motor with 15 Amp Ground Plug  
 Required Power: 240 Volt, 15.0 Amp  
 Suction Power: 315 CFM, 130" H2O  
 Dust Collection: Continuous Plastic Bag  
 Hose Connection: 2" Inlet Port  
 Dimensions, Weight: 22"W x 23"D x 69"H  
 Included Equipment: 2" x 25' hose w/ 2" ID Smooth Hose Cuff, 16" Floor Sweep & Wands, 72' Longopac Liner

\$4,500.00
